

RMSAWWA & RMWEA

This workshop is presented by the RMSAWWA & RMWEA Joint Small Systems Committee whose purpose is to provide assistance to small water and wastewater systems to enable them to meet the challenges of the future in providing quality water and service to the public.

Who should attend?

This workshop will be of interest to operators, owners, and technicians working with small drinking water or wastewater treatment systems, distribution systems, collection systems, developers, engineers, regulators, water or wastewater managers, and municipal decision makers.
