

## Call for Abstracts

for the

## 2012 Water Reuse Workshop

Co-sponsored by RMSAWWA, RMWEA, and the Colorado Section WaterReuse Association

**Tuesday, August 28, 2012**

Colorado School of Mines – Golden, Colorado

### Abstracts are due April 23, 2012

The Rocky Mountain Section of the American Water Works Association (RMSAWWA), the Rocky Mountain Water Environment Association (RMWEA), and the Colorado Section of the WaterReuse Association are inviting professionals and students to submit abstracts for oral and poster presentations for the 2012 Rocky Mountain Water Reuse Workshop.

The workshop provides an opportunity for the water reuse community in the Rocky Mountain Region to learn about current trends, local issues, and new developments in the water reuse field and network with other industry professionals. The audience includes water and wastewater managers, operators, design engineers and consultants, board members, end-users, city council members, public information officers, finance officers, young professionals and students from throughout the Rocky Mountain Region.

The program committee is seeking papers on all topics related to water reuse. The following are examples of potential topics:

- New Treatment Technologies
- Membranes/Concentrate Disposal
- Sustainability and Energy
- Nutrients and Nutrient Management
- Cost Allocation and Funding of Projects
- Produced Water
- Reuse Water Rates
- Regulations
- Education/Outreach
- Careers in Water Reuse
- Operational Challenges
- Salinity Management
- Potable Reuse
- Research
- Regional Case Studies
- Climate Change
- Water Rights
- End Users and Innovative Applications
- Urban Water Management/Infrastructure
- Other Hot Topics

**Abstracts will be reviewed for applicability to audience, technical content and quality.**

### Instructions:

1. Write an abstract limited to 250 words, plus one exhibit and/or table.
2. Complete the attached Speaker Information Form.
3. Email your abstract and Speaker Form by **April 23, 2012** to:
